

## UNDERSTANDING THE UL FIRE RESISTANT DIRECTORY 101

AIA/CES Registered Provider Program Summary  
Provider: National Gypsum  
Program Number: NGC004

**LENGTH:** 1 Hour

**CREDITS:** 1

**HSW:** Yes

### **DESCRIPTION**

That bright orange book on your shelf has a lot of great fire resistant information and is easy to use! Learn how to master the UL Fire Resistance Directory and use this resource in an effective and efficient way. We will take a basic look at this book and then drill down to examine fire-rated designs and assemblies.

### **LEARNING OBJECTIVES**

As a participant, you will have a clear understanding of the Underwriters Laboratories Fire Resistant Directory, learn about the three types of fire resistant gypsum wallboard, analyze gypsum wallboard fire-rated designs, and determine the most effective gypsum UL Design for your project.

### **HOW TAUGHT**

The facilitator utilizes a PowerPoint presentation. Samples, test data and exercises are used based on the topic of discussion. The program concludes with an optional ten question quiz.

### **A/V NEEDED**

Electrical power and a screen for the PowerPoint presentation.

### **TARGETED AUDIENCE**

Architects, Specification Writers, Design Professionals, Facility Managers, School Boards, Architecture and Design Students, Building Owners, etc. The ideal audience size can be one-on-one or over 50. This program meets every experience level, with time designed into the program for questions and answers.

### **FACILITATOR QUALIFICATIONS**

National Gypsum Certified Presenters only.

### **COST**

There is no cost to bring this program into your firm or chapter.

### **OTHER**

NGC offers Certificates of Participation for reciprocating association members.
